Don't Have a Tampon?

Hey I’m sorry it came to this, but You didn’t have any tampons in your place, and I’ve having a particularly heavy flow this month!

What the hell! How can you do this to me! Of course I don’t have tampons! I’m a man and I live alone!

We've been dating for three years! And we spend more time here than at my place! You really should have some here by now!
Yeah but... but... this seems extreme, doesn't it!?

Oh I don’t know, it’s kind of fitting lesson I think. You need to learn to keep me in mind, and after spending some time soaking up my period blood, I doubt you will forget!
It’s so gross in here! I can go get you some instead, you can stay here as long as you need so you don’t bleed on your clothes!

I'd love to, but I'm meeting my friend from out of town for dinner soon, and if I don't leave in a few minutes, I'll be late.
There has to be some other solution, maybe my neighbor has some!

Oh come on, the taste can't be that bad, you spend a lot of time down there and never complained before!
You were never on your period then! And eating you out and having MY WHOLE BODY IN YOU is totally different!

Hehe, it’s honestly kind of hot having you in there. I didn’t think I would like it as much. Besides, you’re whole body isn’t in there... your little peepee is sticking out!
Yeah and that makes it so much worse! The only part of me that’s exposed is my most private bit!

Please take me out, It feels like I'm drinking your blood... It feels like I'm going to throw up...

It’s good to see you, It’s been a long time! Have you left that loser boyfriend yet?
I just did earlier today! I was really only with him because his apartment was close to my job, but now that I quit, I don’t need him anymore!
What!? NO!
