

The Finishing Touch

AHH! What the fuck happened?

I should explain I guess, I'm sorry that I did this, well kind of sorry. But I needed your help, or rather I needed your mass...

What the fuck are you
talking about? Why can't
I see? It's like I have
something on my face...

So you know how I transformed
myself into a woman? Well... I
didn't exactly have the... body that
I wanted, you know? So I used you
to... supplement my new body.

The fuck are you talking about? Oh, I can see now... Wait a minute... WHAT DID YOU DO TO ME!

I transformed you into my tits. I'm sorry, I really am, but when I transformed I was so flat... Honestly, my chest was almost smaller than when I was a man. I couldn't live like that. I was so close to my perfect body, but so far away! I NEEDED to bigger tits...

And... Why did you need
to USE ME to get them!?

Well implants are expensive,
and I already had the TF-app, so
it just seemed to make sense.

But why ME! Find some random person to turn into your tits! Don't steal my life!

I wasn't fully honest with you to be fair. Yes, I always wanted to be a woman, but it's more than that. I owe some bad people some debts, so turning into a woman is also a way to hide. And you were the only person to know that I transformed...

So you're silencing me
so I don't snitch on you?
I won't give you up,
you're my best friend!

I mean, you WERE my best
friend... I know you were dating
my ex before she was an ex... So
consider this also a bit of
revenge. Kind of perfect really.
But I need to silence you now
so you don't give me away...

There we go. Now I can really get my new life started... God these tits turned out great...

Hey! Fuck you! Your ex came onto me and I didn't even sleep with her! Fuck, she already turned off my voice... Is this my life now, just being her tits...?
